

Appl. No. 10/775,057
May 15, 2006

Amendments to the Claims:

This listing of claims will replace all prior versions, and listings, of claims in the application:

Listing of Claims:

Claims 1-9 (cancelled)

Claim 10 (currently amended) A concrete panel system comprising a plurality of concrete panels arranged in side-by-side fashion on a substantially vertical supporting wall, wherein each of the panels comprises a rectangular body having a front surface and a rear surface and beveled side edges, wherein the side edges of adjacent panels form a V-joint therebetween, wherein the V-joint has its apex at the ~~rear surfaces of the~~ point of contact between adjacent panels upon installation of the panels thereby forming a crush zone, and wherein a flexible sealant material is in portions of the V-joint so as to provide a seal between adjacent panels.
